

CLEANBC BETTER HOMES ENERGY SAVINGS PROGRAM

Live comfortably and make your home more energy efficient

Access rebates of up to 100% of energy-saving home upgrade costs

Everyone deserves a healthy, comfortable and energy-efficient home. Based on your household income, CleanBC offers enhanced rebates to make energy-saving home upgrades more affordable. We can help you:

Lower your monthly energy costs

Improve year-round comfort

Enjoy healthier indoor air quality

Reduce greenhouse gas emissions

Rebates for energy-saving home upgrades

You may be eligible to receive enhanced rebates that cover 60–100% of your eligible home upgrade costs.

Windows and doors:
Up to \$9,500

Insulation:
Up to \$5,500

Heat pumps:
Up to \$16,000

Heat pump water heaters:
Up to \$3,500

Additional rebates are available for health and safety, ventilation, and electrical panel upgrades.

Free energy coaching, virtual energy assessments, and support in multiple languages can help identify the home upgrades that are best for you.

Are you eligible?

To receive enhanced rebates through the CleanBC Better Energy Savings Program, you must:

- Live in a single family detached home, duplex, row or townhouse, or manufactured/mobile home
- Pay your own energy utility bills
- Meet the income qualification requirements below
- The property must have a total assessed value at or under \$1,230,000 in the [BC Assessment](#) listing (not applicable to Tier 3).

Number of people living in your home (including adults and children)	Combined annual income of all adults in your home:		
	Income Level 1	Income Level 2	Income Level 3
1	\$47,007	\$61,697	\$99,891
2	\$58,522	\$76,810	\$124,358
3	\$71,945	\$94,428	\$152,884
4	\$87,350	\$114,647	\$185,620
5	\$99,072	\$130,032	\$210,258
6	\$111,735	\$146,653	\$237,438
7 or more	\$124,402	\$163,277	\$264,353

Rebate coverage is based on the combined pre-tax income of all adults in your home and how many people live in your home, including adults and children. Heat pump rebates are eligible to cover 100% project cost up to the value approved by the program based on heat pump type and income level. For building envelope upgrades and other measures, homes approved under Income Level 1 are eligible for up to 95% of upgrade costs, homes approved under Income Level 2 are eligible for up to 60% of upgrade costs.

Additional terms and conditions apply. Please visit the program website to learn more.
